

Food and your Children

Written by admin

Sunday, 20 September 2009 11:15 - Last Updated Sunday, 20 September 2009 11:27

I ran across this article about who is winning the war for your child's stomach. When you consider all the screaming and yelling about healthcare and insurance in this country, I don't think you can start too young with educating your child about what they put into their mouth. Especially with emergence of a new class of obesity - children.

Here is the link to the article:
